Report on Field visit for B.Com I.T/ M.Com I.T Students

Date : 10-01-2026 – Saturday

The Department of B.Com I.T and M.Com I.T organized a field visit for students to **Professional Trainers, Karad** with the objective of providing practical exposure to industry-oriented skills and enhancing their technical knowledge. The visit was planned to bridge the gap between theoretical learning and practical application in the field of information technology and commerce.

During the visit, the students were guided by **Miss Mali M. D. Madam**, who shared her valuable expertise and experience in various professional and skill-based domains. She explained the importance of acquiring practical knowledge along with academic qualifications in the present competitive environment. The session proved to be highly informative and interactive.

Miss Mali Madam guided the students on **Tally**, highlighting its practical applications in accounting, taxation, and financial management. She also introduced the fundamentals of **Web Designing**, emphasizing the significance of website development, layout design, and user-friendly interfaces in the digital era. The students gained insights into **Power BI**, where they were made aware of data visualization, reporting, and analytical tools used for business decision-making.

In addition, the students were introduced to **Canva Designing**, where the importance of creative design, digital marketing, and visual communication was explained. Practical demonstrations helped students understand how these tools are widely used in professional and corporate sectors.

The field visit was highly beneficial and informative for both B.Com I.T and M.Com I.T students. It enhanced their practical understanding, technical skills, and career awareness. The visit successfully motivated students to develop industry-relevant competencies and prepared them for future professional challenges.
